RATE STAYS AT \$1.33—

School Board Sets Same Tax Rate, Adopts Budget

In a meeting here Monday evening the Hamlin School Board adopted the same tax rate as last year and adopted a budget for the coming year.

In setting the \$1.33 tax rate for the district, the board expressed the hope that the district could live with this rate until the Texas Legislature meets again in two years. The Legislature is expected to take another look at the state's dependence on property taxes to finance the state's school system.

The rate calls for 98 cents for local maintenance and 35

cents for bonded indebtedness. This is based on the district's values of \$53,620,000.

The budget adopted by the district for the 1977-78 school year calls for the total expenditure of \$1,220,305. This compares with last year's budget of \$1,152,844. The bulk of this \$67,461 increase is in teachers' salaries and utilities.

To finance the budget for the coming year the district expects to collect \$484,235 for local maintenance at the 98 cent rate and \$172,940 for debt service at the 35 cent rate. The district will receive a total of \$491,917 from state sources with the balance coming from miscellaneous sources, including \$45,770 from the Education Service Center for the migrant program.

The board also adopted a new school calendar for the coming year and approved a Senior Citizen Program.

The new calendar calls for 175 school days as called for by the recently passed state school bill, plus 10 inservice days for the staff. School will start Monday, Aug. 29, and end May 26. The school year will include 17 days for holidays.

This will include one day for Labor Day, two days for Thanksgiving, eight days for Christmas (Dec. 22-Jan. 2), and six days for Easter-Spring Break (Mar. 20-27).

The board voted to resume its one-day-a-week meal program for senior citizens that was started last spring. This program will begin about the second week in September with details to be announced later. The board also approved free passes for senior citizens to all local basketball games.

David Contreras and daughter Melissa of Fort Worth visited with his parents, Mr. and Mrs. Trine Contreras Sr., Tuesday and Wednesday. Contreras, a senior at the University of Texas at Arlington is working on his BBA degree in management, is a graduate of Tarrant County Junior College and 1964 graduate of Hamlin High School. He is foreman of mails in the main post office in Fort Worth.

Supt. Bob Hawes gave the board a brief outline of the school's accreditation program. The program will include student development, organizational efficiency and accountability. Board President W. T. Johnson assigned members of the board to work with various phases of the program.

The board accepted the resignation of Cleatus Boiller as CVAE teacher and hired the following: Thomas Norwood, CVAE teacher; Miss Dolores Perry, Migrant Kindergarten; David Schell, high school math; Gary McMillan, part time bus driver; and Mrs. Bill Gris-som, aide.

Teachers Start Back To School Monday

While Hamlin students still have one more week of vacation left, it is back to school time for the teachers as they will begin inservice training Monday morning.

The major emphasis of the week will be on the accreditation process being undertaken by the district, according to Bob Hawes, superintendent. Two speakers from the Region 14 Education Service Center will be working with the local teachers during three of the five days.

Working with the teachers on this will be Dr. Wayne Milligan and Ray Simmons. The week will open with an orientation session with new members of the faculty by Supt. Hawes. This will be followed by a general faculty meeting. During the morning session Hawes will outline his goals and expectations for the school year with the faculty and during the afternoon the teachers will meet on their

respective campuses with their principals.

On Tuesday, Dr. Milligan will go over the accreditation process with the teachers, giving them an overview of the process. He will cover phase I of the process on Tuesday and phase II on Wednesday. Simmons will join him in working on phase II.

The first phase will cover refining district wide goals, goals and indicators and measuring these goals and indicators.

The second phase will cover learner-program analysis, identifying essential curriculum content, and relating curriculum content to learner goals and the state plan.

On Thursday morning the two men from the service center will review the accreditation process with the teachers. Following this the teachers will return to their various campuses and begin registration activities.

Principals Announce Registration Schedules

With school opening set for Monday, Aug. 29, principals for the Hamlin Public Schools have announced their registration schedules for their various buildings.

Registration for students in grades 6 through 12 will be conducted Thursday and Friday, Aug. 25 and 26. Students in grades 6 through 8 will register at the Middle School and students in grades 9 through 12 will register at the high school.

Eighth grade students will register at 1 p.m. Thursday, seventh grade students at 9 a.m. Friday, and sixth grade students at 10:30 a.m. Friday. The high school schedule calls for seniors to register from 1 to 2:30 on Thursday, followed by the juniors from 2:30 to 4 p.m. Sophomores will register from 9 to 10:30 a.m. Friday, with freshmen registering from 10:30 to noon.

Middle school students who are unable to register at the

scheduled times are urged to register at 2 p.m. on Friday. High school students may register from 1 to 4 on Friday or wait until Monday, Aug. 29.

All elementary students, kindergarten through fifth grade, will report to school on the opening day of classes. Any student that has moved into the district and has not brought the necessary enrollment items by the elementary office to be checked needs to do so on Aug. 23 and 24, according to Larry Butler, principal. Shot records, birth certificates and any record from another school district will be beneficial, he said.

New students may not be officially enrolled in the Hamlin schools until the student presents a properly certified immunization record.

During registration Middle School students will be enrolled, issued textbooks, assigned lockers, and given information regarding elective courses, according to Marvin Carlton, principal.

He said that students entering the Hamlin schools for the first time should bring grade records, a cleared book card, and a complete immunization record.

High School Principal B. V. Newberry has requested that high school students bring a pencil or pen with them to registration. They will receive their schedules, books and be assigned lockers.

Any high school student who has moved into the district and has not pre-enrolled should go to the high school office between 9 a.m. and 3 p.m. Monday, Aug. 23, Newberry said.

NEWS AND VIEWS...

And What Have You

By BOB CRAIG

Because of the confusion following our being closed for vacation in July we missed a good story. This was when our Little League senior All-Stars played at the state tournament in Weatherford.

As probably most of you already know, what made the story different was not the fact that our girls were in the state tournament, nor was it the fact that they lost, but it was the fact that they ended up playing a group of boys from Fritch.

The current girls Little League softball program was the outgrowth of court action a few years ago that opened the Little League program up to girls by eliminating the word boys from the name. Now, legally at least, girls can play on the regular Little League team, but since not too many girls could make it into the lineup, the softball program was launched.

But either Fritch didn't get the word that the softball program was intended for girls or got it and ignored it. It is most likely that they just found a loophole in the rules and decided to take advantage of it.

Anyway, they came out on top of the game with our girls, 19-9.

Playing for Hamlin were Rita Maberry, Karen Smith, Pam Thornton, Kathy Prewitt, La Etta Scifres, Monica Chase, Jackie Hooper, Gina Marshall, Tammy May, Leona Johnston, Lorna Phariss, Veronica Garcia, Eudora Warner and Renee Stinnett. The coaches were Mary Johnston and Andy Brown.

The girls were treated with a trip to Six Flags and have the consolation of knowing that they lost by a quirk in the rules.

A number of editorial writers have given President Carter fits over his proposal to raise first class postage to 16 cents but stay with 13 cents for hand addressed personal mail.

Now we doubt that his idea has too much merit but we will give him "A" for effort. His intentions

School Taking Season Ticket Reservations

The Hamlin high school office is now reserving football tickets for all fans who have had season tickets in the past, according to B. V. Newberry, principal.

The advance sale of reserve seat tickets will go on sale Monday, Aug. 29. All fans who have had tickets in the past will be able to purchase their same reserved seat tickets between Aug. 29 and Sept. 8, Newberry said. Advance reserved seats for the five home games will be \$2.00 per game or a total of \$10.00. Reserved seats sold in advance or at the gate will be \$2.00 per game. Adult general admission tickets will also be \$2.00 and student general admission tickets will be \$1.00.

The ticket prices are set each year by the District 7-A executive board and not by the local district, Newberry noted.

The five home games will be with Anson, Sept. 16; Munday, Sept. 30; Aspermont, Oct. 21; Haskell (Homecoming), Oct. 28; and Rotan, Nov. 11.

"If you will contact the school office we will be glad to hold your tickets for you to pick up at a later date. Call 576-3624 or 576-3625," Newberry said.

Booster Club Sets Ice Cream Supper Tuesday

The Pied Piper Booster Club will host an Ice Cream Supper Tuesday evening to launch the club's fall activities. Local football fans are urged to attend the meeting and meet this year's football team and coaches.

The meeting will be held in the high school cafeteria at 7:30. Along with the ice cream and the introduction of the players, a film of Friday night's scrimmage with Colorado City will also be shown.

Officers for the new year will also be elected, according to Archie Tomlinson, retiring president.

Pipers to Scrimmage C-City Here Friday

Hamlin football fans will get their second look at the Pipers here Friday night when they take on the Colorado City Wolves in a controlled scrimmage. Local fans were treated to their first look Saturday evening in an intrasquad match.

The scrimmage Friday night should be a real test to determine the strength of the Pipers as the Wolves are favored to win their Class AA district this year.

The action will get underway at 6 p.m. in Piper Stadium with the Hamlin

junior varsity and freshmen going against the C-City junior varsity. This will be followed at about 7:30 with the two varsity teams.

Coach Bill Grissom said Monday that he was most impressed with the hitting in the varsity intrasquad contest Saturday evening. He also singled out the line blocking for praise.

He said the coaches have been impressed with the freshman squad this year, especially with their size.

Trap Shoot Set Sunday

Hunters are invited to prepare for dove season by taking part in the Trap Shoot Sunday, sponsored by the Hamlin Gun Club.

The shoot will begin at 1 p.m. at the club's trap range on West Lake. One round of trap will be \$2 for non-members and \$1.50 each for members.

Baptist Plan Sunday School Roundup Rally

A Sunday School Roundup Rally will be held at 6:30 p.m. Wednesday, Aug. 24, at First Baptist Church featuring a teacher appreciation presentation.

The western style supper will be served. Tickets are \$2 for adults and \$1 for children. A nursery will be provided for preschool children.

Special music will be presented by Sunshine, which is composed of Linda White, Stephanie Hymer and Jamie Jones.

Ronnie Carpenter, minister of education and music, will present Sunday School emphases for 1977-78 and conduct the teacher appreciation feature.

The pastor, Rev. Howard Jones, will commission to service the workers for 1977-78 and introduce the pastor's class.

T. O. Upshaw, associational director of missions, will give the Sunday School challenge.

Scout Meeting Planned Monday

All Boy Scouts are urged to attend the Monday night meeting at the Scout Hut, according to Sammy Ferguson, scoutmaster.

The meeting starts at 7

SQUASH GROWS BIG—J. W. Ely holds the huge squash grown in his back yard at 550 N. Central. The vegetable is over two feet long and was grown from seed given him by Frankie Hall. Ely did not know the name of the variety but said he plans to save the seed to plant again. The vine which covered most of his back yard yielded this lone squash.

FROM THE FILES . .

FIFTY YEARS AGO
(August 19, 1927)

The Hamlin School Board has set Tuesday, September 6th, for the opening date for next session. Parents will do much for their children to have them enter the very first day of school. This gives an even start with everybody and a better organized school from the beginning.

The School Board and the Superintendent have done their best to secure for next session the best capable faculty. They feel fully assured that it will rank with the best in scholarship and successful experience.

Bright prospects confront the Hamlin school for next session. Let us work together to have the best school, the best town and the best people. Let us have our motto "The best is none too good for Hamlin."

People are funny creatures. Yes, funny. For example, it has been noticed that the Herald has items about some people in Hamlin and this section, going to some other town for medical operations, especially for eye or ear trouble or tonsil operations and some go off to have dental work done, when as a matter of fact, Hamlin is blessed with all these facilities right here at home. Our practicing physicians, our specialists and our dentists are spending their money to equip their offices equal to the best, and in quite a few instances Hamlin people are still running to others for this kind of work. It is perfectly natural for the local paper to tell of the home folks going to another city for expensive and painful, even dangerous operations, but such items would hardly be ethical in our own city, even though there are dozens of cases that come here to take advantage of the Hamlin modern medical appliances.

We are pleased to announce to the people of Hamlin and surrounding community that we have lately installed in our offices the newest and most modern of X-Ray equipment. With this equipment we are enabled to X-Ray, not only teeth, but every section of the human anatomy. We invite our friends to inspect our equipment and be your own judge of its value in dentistry and X-Ray work generally—Joe W. McCrary Dentist; and L. P. McCray, Eye, Ear, Nose and Throat.

TWENTY YEARS AGO
(August 15, 1957)

Joe Hudspeth, co-owner of the H. & M. Tire & Appliance Company of Hamlin, this week was notified that the sales of General Electric appliances during the past six months time have won for him and his wife an all-expense paid trip to points of interest in Cuba. He was one of four dealers in the Texas-Oklahoma territory of GE to win the trip in a recent sales contest.

The Hudspeths will make the trip about the middle of September.

Annual barbecue for the football boys of Hamlin High School will be staged next Friday night, August 23, at the Pied Piper football stadium. It was announced this week by Bobby Crowley, president of the Pied Piper Booster Club, which annually sponsors the gesture for the gridders.

This will be the first official action of the new season by the booster club.

Besides having all the football boys, their coaches and school officials as special guests, all the men of the Hamlin community who are interested in backing the athletic programs at Hamlin High School are invited to attend the get-together.

Hamlin High School this week received the photo-copy machine that was presented to the school by the 1957 graduating class.

"We will use this machine in duplicating students' records, teacher credentials, etc.," declares Superintendent of Schools C. F. Cook. "We shall be happy to do photo-copy work for anyone in Hamlin who needs that type of work done."

Members of the 1957 class and others are invited to go by the school and see the machine.

Annual ladies' golf tournament for members and guests of the Lakeview Golf Club will be conducted Friday, beginning at 8:30 a.m., it is announced this week by Mrs. M. L. Smith, one of the promoters.

An entry fee of \$1 will be charged participants to help pay for expenses. Both nine and 18-hole flights will be played during the day.

--Continued from Page One

were probably good as he had the elderly in mind when he proposed this. These are the people who probably hand write most of their personal mail and the ones that inflation is hitting the hardest.

He may have the right idea but just might not have carried it far enough. Maybe he should give those folks the free mail privilege currently being enjoyed by our Congressmen. They seemed to be making enough money to afford a few 16 cents stamps.

But our friend James Roberts at Andrews has probably an even better idea. He says President Carter's idea falls right in line with rigging income tax payments to meet socially desirable goals as set out in the confused minds of Congress. Some of his suggestions along this line follow:

For example, since President Carter thinks people should marry rather than live in sin, the post office could charge only 6 cents for a handwritten letter from husband to wife, but perhaps charge 20 cents for communications between unmarried people of the same age and opposite sexes.

A letter between teenage sweethearts contemplating marriage could go for a nickel. Dear John letters might be charged a dollar.

On such a scale, perhaps it would be in order to charge only three cents for a stamp on a letter to Momma.

The postman could be helpful in many, many ways under the new arrangements. Illegal aliens sending money back to desperate poverty-stricken families in Mexico could buy one cent stamps. Fat cats sending alimony checks to a various assortment of ex-wives could be charged \$.50 for their stamps.

If we're going to accomplish social goals by the use of various rates on stamps, we might charge the full rate to Congressmen who mail all those self-serving, self-promoting bulletins to constituents. On the other hand, when the constituents write their congressman, perhaps the rate should be zero.

Students might prefer that the top rate be charged for the mailing of report cards and perhaps utility bills could come in an envelope loaded with stamps.

PARENTS' RESPONSIBILITY

"Train up a child in the way he should go: and when he is old, he will not depart from it." Proverbs 22:6

Ask anyone what his most precious possession is, and he will almost invariably say, "My children." The desire for the welfare of our children enables us to "move mountains". We will do anything, give them anything, if we think it will help them.

The one most important thing we can do for them, however, is to instill in them a love of God, and a desire to obey him. The church can help you in this endeavor, inspire and strengthen you. We invite you to take your family to church this week. It may make a great difference in the life direction taken by your children.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Local Sales Taxes Show Eight Percent Gain Over Last Year

With the mailing of the August check, State Comptroller Bob Bullock's report shows the City of Hamlin receiving an eight percent increase in sales taxes over the same period last year.

This compares with a 19 percent increase statewide, but is above the increase for most neighboring cities. The only exceptions in the immediate area are Anson and Haskell. Anson showed a 22 percent increase and Haskell a 13 percent increase.

For other area towns it was a three percent gain for Stamford, a four percent gain for Rotan, a seven percent gain for Merkel, a seven percent gain for Albany and a

one percent gain for Aspermont.

The Comptroller's office mailed a check Monday for \$4,016.19 for Hamlin's August period, this compares with \$2,374.14 for the same period last year. Hamlin's total to date for the year is \$32,706.70, compared with \$30,199.88 last year.

Anson's total for this year is \$27,052.08, Aspermont, \$14,675.02; Haskell, \$51,389.39; Merkel, \$16,633.24; Rotan, \$20,413.45; and Stamford, \$58,869.81.

Bullock's announcement came as his office mailed checks Monday totaling \$15.1 million to 868 Texas cities as their August share of the one

percent city sales tax.

The August checks bring to \$206 million the total the cities have netted this year from the sales tax. This compares to \$173.1 million for the first eight months of 1976.

Bullock said the increase in city sales tax rebates is really a double blessing.

"It signals the continuing vigor of the Texas economy and at the same time provides badly needed revenue to Texas cities," the Comptroller said.

Bullock also announced that his office has added two additional WATS lines to accommodate users of his toll-free Tax Information telephone service (1 800 252-5555).

Bullock said taxpayers are making more than 10,000 calls a month on the lines seeking information on Texas taxes and the six existing lines just weren't enough to handle the business.

The Comptroller reminded callers that they can get their questions answered quicker if they call between 8 and 9 a.m., 12 and 1 p.m. and 4 and 5 p.m. when the volume of calls is lowest.

All-Day Shooting For Doves This Year

AUSTIN—All-day shooting for mourning doves and half-day hunting for whitewings has been set by the Texas Parks and Wildlife Department.

Jim Dunks at the P&WD said mourning doves during both the North and South Zone seasons may be hunted from 30 minutes before sunrise to sunset. The North Zone dove season is set for September 1 - October 30; South Zone, September 24 - November 6 and Dec. 31, 1977 - Jan. 15, 1978.

Exception to the all-day hunting hours is in those counties with a concurrent whitewing and mourning dove season September 3, 4, 10 and 11, when the two

species may be hunted from noon to sunset.

Shooting hours during the September 10-18 teal-only season are from sunrise to sunset. Rails and gallinules may be hunted from 30 minutes before sunrise to sunset, September 1 - November 9.

The later starting time for teal hunting is to give hunters ample light to distinguish teal from other species of waterfowl which might be moving through Texas in early September.

Officials at the U.S. Fish and Wildlife Service notified Dunks late August 4 of the framework for shooting hours of migratory game birds.

Litigation involving shooting hours prevented the U.S.F. & W.S. from providing Parks and Wildlife Commissioners with such frameworks at their July 22 meeting when dove seasons were set.

Mrs. A. F. Haught returned home Tuesday after a three-week visit in Inglewood, Calif., with her sister and family, Mr. and Mrs. John Barnett and daughters.

Why take LESS?

You work hard for your money. So, why shouldn't you expect your money to work as hard as you. Before you open a savings account, compare the annual yield you will receive with Sweetwater Savings' annual yield on savings. Not all savings rates are the same. Not all financial institutions compound earnings daily. Therefore, the effective annual yield will vary. So, before you put your hard earned money to work in a savings account, be sure it works as hard as you do. Nobody but nobody pays more on FSIC insured savings than Sweetwater Savings. So, why take less?

THE HAMLIN HERALD, HAMLIN, TEXAS, 79520
ALSO TOUR WASHINGTON—

Local Scouts Return From Trip to National Jamboree

by Earnest Taliaferro
 Scoutmaster Samuel Ferguson and four Hamlin Boy Scouts returned late last Wednesday evening from the Ninth National Jamboree at Moraine State Park in Pennsylvania.

The four scouts—Jim Austin, Mitch Lawlis, John Bill Maddox and Carl Wade left Thursday, July 28, by chartered bus for the D-FW airport where they boarded a Braniff 747 for Washington, D.C.

The group spent the next three days touring the points of interest in Washington and the surrounding area. Among the highlights of the tour were: U.S. Capitol, Federal Bureau of Investigation, Arlington National Cemetery (where they saw the changing of the guard at the tomb of the Unknown Soldier), Supreme Court, Library of Congress and numerous other attractions.

After the three days of touring Washington, Ferguson remarked that the boys should have received a hiking award just for the walking involved. The scouts, then left for the Jamboree. On the way, they stopped at the scene of a famous battle in the Civil War at Gettysburg, Pa. By the time they arrived at the site of the Jamboree it was late and they had to set up camp in the dark.

The Jamboree opened with

about 30,000 scouts from all over the nation and several groups from outside the U. S. in attendance. Scouts from as far away as Egypt and Norway were there even though it was just a national event.

During the Jamboree, the Hamlin scouts tried different events such as canoeing and rowing. John Bill said that they mostly just watched what was going on.

The weather was not exactly perfect the boys said. It rained 12 inches in three days several tents were washed out and two scouts were struck by lightning, but all of the Hamlin Scouts agreed that they enjoyed the Jamboree immensely.

The scouts and Ferguson started their trip home last Wednesday, Aug. 10, and arrived in Hamlin late that night.

New Telephone Books Now Being Mailed

Anson, Hamlin and Stamford telephone customers will be getting a new combined directory beginning August 11.

Ben Young, manager for Southwestern Bell, said mailing of the 1977 directory will take about two weeks.

"Initially, almost 7,000 books will be mailed out of the 13,000 total printing," Young said.

The new book has 36 alphabetical pages and 64 Yellow Pages.

"The cover of the new directory was painted by Texas Hill Country artist Warren Martin of Ingram," Young said. "The painting, titled 'Royal Family,' depicts the majestic beauty surrounding the birth of a golden eagle."

Martin, who was born in San Antonio in 1932, grew up on the N. J. Hans ranch at the head of the Guadalupe and Sabinal rivers.

Young said the artist has had numerous shows in Texas, Arizona and New Mexico since his first show in a roadside diner near San Antonio in 1962. Martin had held one-man shows at Central Park Gallery in San Antonio, David Studios of Arizona, Fort Huachaka Historical Society in Arizona, Kendal Memorial Gallery in San Angelo and Guadalupe Galleries in Kerrville.

With his brother, Robert, who is a Texas Sculptor of modern mobiles, Martin

owns the Texas Gallery in Ingram, which is near the Hill Country Arts Foundation.

"Most residential subscribers will receive one directory," Young said. "Business customers will receive their directories according to usage."

Customers needing more directories may call the telephone business office after September 1 when initial delivery is completed.

LETTER TO THE EDITOR

Dear Mr. Craig,
 I am enclosing my personal check of \$7.35 for one year's subscription to the Hamlin Herald. If this amount is not correct, please notify me, but understand this is the price anywhere in Texas.

Hamlin was our home many years ago, and we are still interested in your city since we have many friends and relatives there. And we enjoy keeping up with them, through your paper.

The Hamlin people are very dear to me. And I had realized just how much they mean to me and my family, since the death of my niece, Mrs. Dwayne Rogers, of Anson, Texas, whose parents, Mr. and Mrs. H. L. Daniels live in Hamlin.

The people there were so kind, and helped, at that sad time, in our lives. And I feel like this is a proper time to express my love and appreciation to a nice little town, full of love and compassion for those who are sad and need them.

I am looking forward to receiving the Hamlin Herald very much.

Thank you, and with kindest regards—I am sincerely,
 Mrs. W. D. Young

Philosopher Thinks He Has the Answer to Pupils Who Finish High School Illiterate

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One gives some heavy thought to a school problem this week.

Dear editor:
With a new school year about to get underway the time seems right to look at a problem schools all over the country are faced with. or

will be nine months from now.
The problem is the pupil who comes up to graduating time from high school without having learned to read and write. I have no idea how many of these there are, but people claim there're a lot. "Why," some people say, "some high school graduates can't even fill out a simple government form." That's no test. There are no

simple government forms. Nonetheless, some high school graduates are almost illiterate. But what's the school to do? You can't keep a kid in the first grade forever. In a few years he'll out-grow the seats. His knees won't fit under the tables. So a child is passed from one grade to another, everybody hoping he'll pick up something as he goes along, until finally, especially if he can play

football, he makes it through and is shoved out the top with a diploma in his hand, which he may have to get somebody to read for him.
However, there are people who are demanding that a high school diploma mean something, educationally speaking. If one person achieves a genuine high school education and another doesn't, but their diplomas read the same, what's fair

about that? Nothing.
So consider this: the Army has a special discharge which it sometimes gives an enlisted man. It's called a discharge "For the Convenience of the Government."
That's the answer. High schools need two sets of diplomas. One certifies that the student has truly attained a high school education, the other that he stayed in school

twelve years and is being let out for the convenience of the teachers.
Yours faithfully,
J.A.
